

Call for Abstracts is Open

All abstracts must be submitted online to Jeremy.coles@rexburg.org by March 15, 2022.

Please join us for **The 39th Annual Idaho Water and Wastewater Conference**. The Annual Conference is scheduled for **May 22-25 at the Snake River Event Center in Idaho Falls, Idaho**.

Our conference committee is interested in any abstracts that will educate and inspire all who work in our industry. We will have four areas of focus that will run concurrently during our “Technical Session” time. They are:

- **Wastewater Collection and Conveyance –**
- **Wastewater Treatment**
- **Drinking Water**
- **Pre-treatment/Lab**

Submission Guidelines

Please consider the following requests when submitting your abstracts for consideration:

- Limit abstracts to 300 words and be concise in the title (75-character title is the max)
- Include a brief resume of all *presenters* (not all authors).
- Use normal formatting. Do not use all caps, etc.
- Notification of selections and expected conference format (e.g., in-person, virtual, etc) will occur in **mid-April 2022**
- Selected speakers are required to develop the abstract into 40-minute presentations and expect 10 minutes of Q&A. Format may vary dependent on conference format.
- **Presenters are expected to register for the conference and pay all applicable registration and preparation fees.**

We look forward to receiving and considering your abstract. If you have any questions, please contact Jeremy Coles at Jeremy.coles@rexburg.org.
